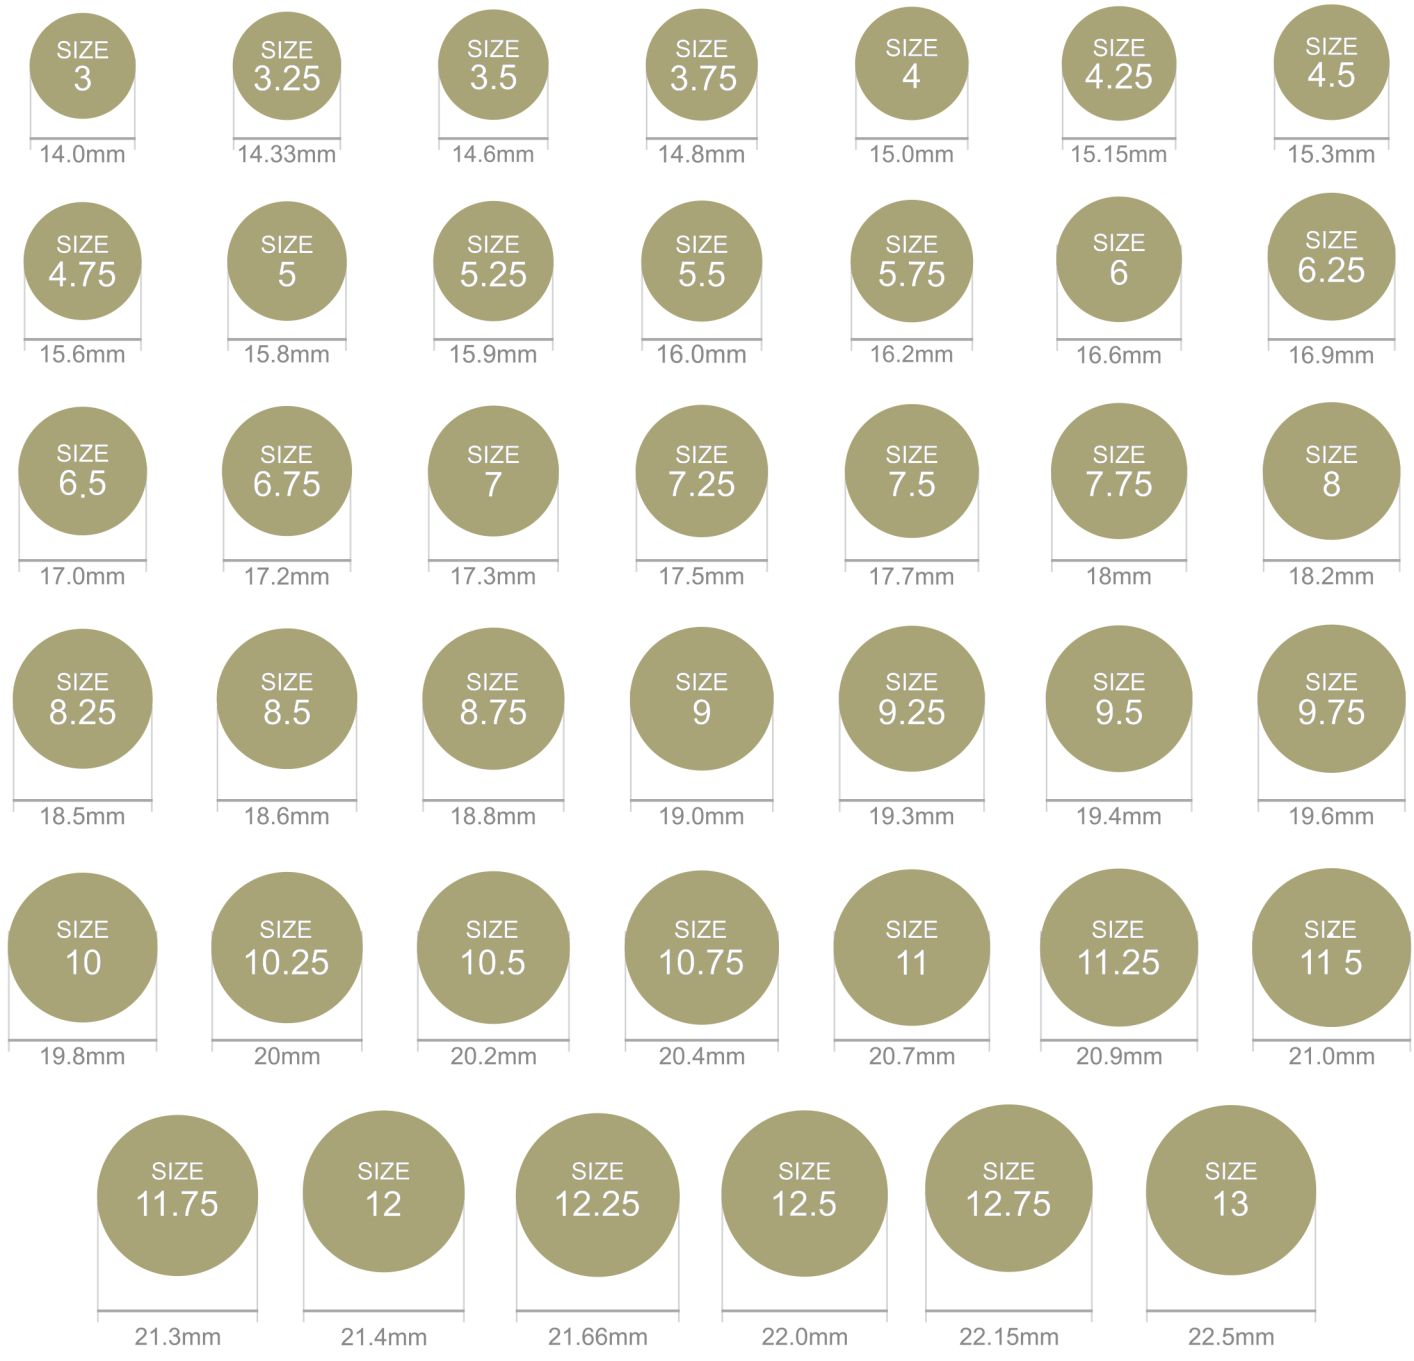
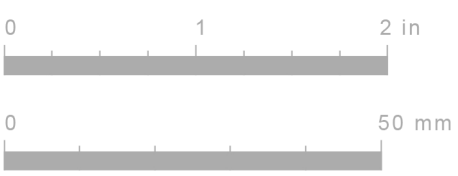
Find Your Ring Size

If you have a ring that perfectly fits the finger on which your new purchase will be worn, you can place it over the nearest sized circle of the Ring Size Chart. The inner edge of the ring should align with the outer edge of the circle.





To get the best results, you will need to go to the 'printing option' before printing and ensure that the **'page scaling' option is set to 'none'** in the print dialogue box.
The Size Chart must be printed on a full letter(8 1/2 x 11 inches) size page. To check that the Ring Size Chart has been printed properly, take a ruler and measure the sample below. It should measure exactly 2inches / 50mm.
